

The Board of the Associates of Brand Library & Art Center leads an arts and culture organization that is committed to presenting and supporting inclusive and diverse programming. We stand in support of Black Lives Matter and understand the difficult structural and policy work our country must undertake in order to address ingrained oppression in every sector of our society. We believe that the arts can be on the forefront of imagining a new future. On behalf of our current, past, and future members, as well as the arts community in our city, we will strive to imagine and enact a profoundly inclusionary place where new futures can be born and commit to doing the hard work to make that possible.

BELOW ARE SOME OF THE MANY RESOURCES THAT HAVE BEEN SHARED WITH US THAT CAN HELP US ALL TO ENVISION AND WORK TOWARD A MORE JUST FUTURE:
